It is part of programming to ensure that residents are functioning at the highest level of independence possible. Restricting their participation in learning to take care of their personal needs and contributing to their home goes against the recovery based practices that enable them to live full and productive lives. Due to this we will be requesting a waiver but will comply to the fullest extent until a determination on the waiver is decided. We will be consulting with the office of Behavioral Health for guidance/assistance.	Steps have been taken to correct violation; full compliance is not verifiable 12/3/10 gm Date Initials (DPW)
