Adelphoi Village is a private, not-for-profit agency providing comprehensive, community-based treatment to boys and girls throughout Pennsylvania, West Virginia and Delaware. Adelphoi Village has been in operation for 40 yrs. It's a place where young people learn positive responses to life's pressures and challenges. Adelphoi Village operates programs in over 30 counties. In cooperation with Children and Youth agencies, Juvenile Probation, mental health agencies and school districts, Adelphoi Village provides services to youth from over 60 counties throughout Pennsylvania, as well as from West Virginia, Delaware, and Maryland.

The Department of Public Welfare conducted a Licensing Inspection of Middle Creek 1 on 4/9/2012 for the licensing year extending from June 2, 2011 to June 2, 2012. This program has a licensed capacity of 14 and at the time of the inspection there were 13 children in the program. Middle Creek 1 is a secure care unit for males, ages 13-18. This program is designed to treat adjudicated delinquent adolescent boys who have committed serious or chronic offenses, are aggressive, runaway risks and display other serious delinquent behaviors.

During the inspection Departmental staff conducted a walk through of the facility with no issues noted. A review of menus and staffing schedules with no issues, a review of the fire drill log and the MAR's, with no issues. The daily schedule was reviewed, showing that seclusion is no longer utilized during quiet time. The facility continues to utilizing an approved form by this Department that if a child prefers to have their door shut during quiet time, they must fill out this form; the child does have the opportunity to change their mind. If children have their doors shut then they are checked on by a staff person every 5 minutes. These forms were all completed and some want their door open and some prefer it shut. This process seems to be working well.

There were 4 children's files were reviewed and no problems were identified. Adelphoi Village's records are very well organized and the required ISP treatment plans are always individualized and updated as required. They keep up on the clients medical records and

detailed educational records.

During the inspection the Department reviewed 42 personnel records. The new hire records are reviewed to ensure that the agencies hiring practices are compliant with the regulations. As a result of the personnel records review no issues were noted for those records

There were 2 children interviewed during the inspection. The children stated they felt safe, enjoyed the program and felt the staff helped them and treated them with respect. They also stated that they have never been in their rooms with the door shut with the exception of bedtime.

There were 2 staff and Information gathered during the staff interviews showed the Agency offers training daily on line and weekly with trainers. All clients appeared to be safe in their environment and there were no issues regarding their safety, well being or permanency.
