Adelphoi Village is a private, not-for-profit agency providing comprehensive, community-based treatment to boys and girls throughout Pennsylvania, West Virginia and Delaware. Adelphoi Village has been in operation for 40 yrs. It's a place where young people learn positive responses to life's pressures and challenges. Adelphoi Village provides programs and services designed to guide each youth on a path that will provide meaning, purpose and value in his/her life. Adelphoi Village operates programs in over 30 counties. In cooperation with Children and Youth agencies, Juvenile Probation, mental health agencies and school districts, Adelphoi Village provides services to youth from over 60 counties throughout Pennsylvania, as well as from West Virginia, Delaware, and Maryland.

The Department of Public Welfare conducted a licensing inspection of the Adelphoi Benet Home Program on April 9, 2012 for the licensing year extending from June 3, 2011 to June 3, 2012. This program has a licensed capacity of 13, and at the time of the inspection there were 10 children in the program. This program is designed to accommodate male sexual offenders' ages 12 to 18 years old in a humanistic and holistic manner. Youth with these issues have definite sexual offending behavioral patterns and are treated as such. Treatment is individualized to include help with past sexual victimization, family dynamics, and other problems specific to the youth. The goal is to alter the cycle of degeneration in favor of positive growth and success. There are 2 staff present during the day when the children are in school and 3 to 4 staff during the afternoon and night shift.

During the inspection departmental staff conducted a walk through of the unit and no problems were noted. The menus and staffing patterns were reviewed and there were no problems noted. The fire drill log and MAR's were reviewed and no problems were noted.

There were 3 children's files were reviewed and no problems were identified. Adelphoi Village's records are very well organized and the required ISP treatment plans are always individualized and updated as required. They keep up on the clients medical records and detailed educational records.

Benet Home requested an increase to their capacity from 13 to 14, during the walk through the additional space was check and the increase was approved. During the inspection the Department reviewed 42 personnel records. The new hire records are reviewed to ensure that the agencies hiring practices are compliant with the regulations. As a result of the personnel records review no issues were noted for those records

There were 3 children interviewed and those interviews revealed that they feel safe and that the staff seems to care about their needs. The staff stated that they are offered several opportunities for training and the agency responds to the needs of the unit. All clients appeared to be safe in their environment and there were no issues regarding their safety, well being or permanency.
