RE: ReMed
1152 North New Street
West Chester, Pennsylvania 19380

Dear Ms. Sprainer:

As a result of the Department of Public Welfare's licensing inspection on April 23, 2012, we have found the above personal care home to be in compliance with 55 Pa.Code Ch. 2600 (relating to Personal Care Homes). Therefore, a regular license is being issued. Your license is enclosed.

Sincerely,

Violation Report: 10623 - 04/23/2012 - Chou, Serena

1. REGULATION 55 Pa.Code §2600

2600.132(d) - Residents shall be able to evacuate the entire building to a public thoroughfare, or to a fire-safe area designated in writing within the past year by a fire safety expert within the period of time specified in writing within the past year by a fire safety expert.

2. DESCRIPTION OF VIOLATION

The home's designated evacuation time from a fire safety expert is five minutes. The fire drill evacuation time for the drill conducted on 10/18/2012 was 6 minutes 4 seconds.

3. PLAN OF CORRECTION (POC) (Attach pages as necessary. Remember that you must sign and date any attached pages.)
 Include steps to correct the violation described above and steps to prevent a similar violation from occurring again. If steps cannot be completed immediately, include dates by which the steps will be completed.

The team met to discuss concerns regarding the overnight evacuation time. The initial action was to provide additional training regarding the most effective & efficient means to transfer these residents requiring the most assistance. When this was not sufficient in terms of time reduction, the team researched & purchased evacuation aids, such as the "Mega Mover" and the "Transfer Sheet". Unfortunately, these aids were not adequate to transfer the residents safely. The team met again to explore the next steps & determined that additional egress doors would be the safest alternative. Construction bids were obtained and two 42" egress doors to the outside were erected in two resident bedrooms, to allow staff to push the resident in their beds out of the door. Construction was completed in January 2012 and evacuation was able to occur under the 5 minute limit. The fire authority re-evaluated the property once the exits were completed and re-affirmed the 5 minute evacuation time. All subsequent drills have been completed under the 5 minute evacuation time. All fire drills will continue to be monitored monthly to ensure all residents are evacuated within the 5 minute evacuation time by the Administrator and the chair of the Health & Safety Committee.
