Facility Name: LANCASTER COUNTY YOUTH INTERVENTION CENTER DETENTION

1. REGULATION 55 Pa.Code §3800
3800.211(b) - Manual restraints that apply pressure or weight on the child's respiratory system are prohibited.

2a. DESCRIPTION OF VIOLATION
On 9/18/12, Child 1 was held face down on the floor during a prohibited manual restraint by Staff Member A. Child 1 received a laceration to the chin during the restraint process.

3. PLAN OF CORRECTION (POC) (Attach pages as necessary. Remember that you must sign and date any attached pages.)
Include steps to correct the violation described above and steps to prevent a similar violation from occurring again. If steps cannot be completed immediately, include dates by which the steps will be completed.

In this incident, the resident became physical aggressive towards staff during an escort. Staff and resident lost their balance and fell to the floor after the resident used his legs to push off of the Unit door. Resident continued to attempt to assault staff and would not permit staff to transition him into a different position.

The Lancaster County Youth Intervention Center does not authorize the use of prone restraints.

The Director has since re-trained all supervisors and staff on the importance of report writing as well as the Department of Public Welfare's stance on prone positions. The facility's supervisors and administration will continue to review incidents involving physical intervention for proper technique and report writing. Ongoing training on these topics will occur on an annual basis for all staff.
