RE: Margaret Home  
1764 Lincoln Avenue,  
Latrobe, PA. 15650  
# 453830

Dear Mr. Mortimer:

As a result of the Department of Human Services' annual licensing inspection on August 31, 2017 we have found the above facility to be in compliance with Title 55, Pa. Code Chapter 3800.

At your request we have documented/approved the change to your program. The Program had previously offered Drug and Alcohol Treatment thru a Transitional Living setting. The facility will now be designated as an Intensive Supervision Substance Abuse Group Home. Your License number will stay the same. The effective date of this change will be 9/4/2018.

Sincerely,

Cathy Utz  
Deputy Secretary

Adelphoi Village, Inc. has requested a change in programming at the Margaret Home facility. The facility, which had previously offered transitional living services to residents, has been licensed by the Department of Drug and Alcohol Programs to provide drug and alcohol treatment. Adelphoi Village, Inc. has designated this facility as their Intensive Supervision Substance Abuse Group Home. Margaret Home is a community-based group home setting aimed at teaching young men alternatives to chemical use. The program focuses on providing education and counseling to promote recovery, while allowing the residents to take responsibility for their daily actions, develop and practice coping skills and general life skills. The staff at Margaret Home will support clients and encourage them to participate in individual, group, and family counseling. The program will assist the clients in developing aftercare plans, including relapse prevention plans, in addition to developing healthier lifestyles. The program will offer services to males, age 12-18 years old, and 18-21 years old, if they have committed an act of delinquency, or was adjudicated dependent, before reaching 18 years of age and remains under the jurisdiction of the juvenile court. The resident should have a minimum IQ of 70; however, children with IQ's of 65 to 70 may be considered on a case by case basis. The Intensive Supervision Substance Abuse program is designed to provide the least restrictive/least intrusive environment for youth who need to be away from their home, but do not require inpatient hospitalization or a secure setting.
