The Bradley Center's records indicate that a potential childline occurred on 10/15/19. There was an error on the HCSIS report when the date indicated it occured on 10/16/19. Attempts were made to update the date on the HCSIS report, but they were not successful.

1. 55 PA Code Chapter 3800, 15.a
   The staff member who witnessed the incident immediately notified her supervisor of what she saw. She failed to follow The Bradley Center's trainings and 3800 regulations when she notified her supervisor instead of reporting the suspected abuse to Childline. The following morning when unit leadership was made aware of the alleged incident, Childline was notified. At the same time, the alleged perpetrator was addressed with instructions to remain off of the schedule and out of the building. He was suspended on 10/17/19 and it was determined that termination was the appropriate next step and the alleged perpetrator was terminated on 10/18/19.

   The staff member who witnessed the event as well as that individual's supervisor was provided education and supervision around the incident and re-training on CPSL occurred. The Professional Development Manager will ensure that agency-wide CPSL trainings occur according to current law.

2. 55 PA Code Chapter 3800, 32.b
   The Bradley Center has an extensive orientation and training curriculum required of all new employees with ongoing training throughout the course of employment. The individual accused of violating Child 1's rights was provided training and signed off that he understood the content. When unit leadership was made aware of the allegation he was not permitted to work with children and was suspended on 10/17/19. His employment with The Bradley Center was terminated on 10/18/19. This individual acted in a way that is not consistent with The Bradley Center values and trainings and as such, he is not eligible for re-hire at The Bradley Center.
