Inspection Narrative

The Department of Human Services, Office of Children, Youth and Families, Western Region (Department) conducted an annual licensing inspection of Adelphoi Village, Inc., Raphael, on 2/24/2020 through 2/27/2020 for licensing year 6/02/2020 to 6/02/2021. During the inspection, the Department reviewed: 10% of the resident files, including files of discharged residents, and the personnel files of all employees. The files were noted to meet all state and federal statutes and regulations. A physical site inspection was completed, and there were no regulatory concerns observed. The Department interviewed two residents and staff member during the inspection. One resident discussed the frequency of fire drills that occur at the facility, explaining fire drills are run at least two to three times a month at random times. He discussed the daily routine at the facility and described the meeting to review his Individual Service Plan (ISP). He explained the goals on his ISP and verified his family was involved in the meeting. The second resident described the environment as very structured. He reported he feels he is getting treatment he needs and expressed appreciation for the peers who help each other. The staff member explained his duties and responsibilities at the facility. He discussed the de-escalation techniques utilized to calm agitated residents; such as encouraging the youth to use coping skills or removing them from the group. He reported he utilizes the assistance of county caseworkers and probation officers if they have positive relationships with the youth.
