Inspection Narrative

The Department of Human Services, Office of Children, Youth and Families, Western Region (Department) conducted an annual licensing inspection of Adelphoi Village, Inc., Colony, on 2/24/2020 through 2/27/2020 for licensing year 6/02/2020 to 6/02/2021. During the inspection, the Department reviewed: 10% of the resident files, including the files of discharged residents, and the personnel files of all employees. The files were determined to meet all state and federal regulations and statutes. A physical site inspection was completed, and there were no regulatory concerns observed. The Department interviewed a resident and staff member during the inspection. The resident discussed the number of restraints that have occurred since her admission to the facility. She explained the staff make attempts to de-escalate residents and only use restrictive procedures as a last resort. She reported participation in groups to manage her anger and Cognitive Behavioral Therapy (CBT). The resident also reported experiencing a recent fire drill and described the process. The staff member discussed her responsibility to keep the kids safe and assist with their growth and development. They described the facility fire drill procedure, medication administration process, and the AWOL procedure.
