227.d. Each home shall document in the resident's support plan the medical, dental, vision, hearing, mental health or other behavioral care services that will be made available to the resident, or referrals for the resident to outside services if the resident's physician, physician's assistant or certified registered nurse practitioner, determine the necessity of these services. Description of Violation

Resident #1, assessment and support plan was completed on [REDACTED]. In June 2021, [REDACTED] eloped from home one time and in July 2021 [REDACTED] eloped two times. The assessment and support plan was not updated to indicate how the home was going to ensure [REDACTED] safety going forward.

Plan of Correction**Accept**

In June of 2021 [REDACTED] had attempted to elope from the facility. At that time we then noticed a change in [REDACTED]. I then called [REDACTED]'s POA ([REDACTED]) and we discussed that we would have to move [REDACTED] due to [REDACTED] eloping. A letter was sent out on 6/24/21 giving [REDACTED] 30 day notice (Attached). In the mean time we alarmed [REDACTED] room and kept [REDACTED] with a staff member at all times. During that 30 days [REDACTED] attempted to elope 2 more times but was with a staff member, on the premises, in which [REDACTED] became agitated. PCP was notified and was put on medication to help with [REDACTED] agitation. [REDACTED] was relocated on July 20, 2021 to a secured dementia unit.

The Administrator will assess patients monthly, and update RASPs accordingly and appropriately in order to ensure that they are facilitated with accurate information.
