Accept ([redacted] - 09/20/2022)

On the day of the inspection when Deb had told me that the recent behavior changes and medication refusals needed to be added on the support plan I immediately added it to the support plan. In the future anytime I have residents with any type of change in behaviors or conditions or care I will be sure to add that to the current support plan or do a new one. I (as administrator) will go over each support plan monthly to be sure if any changes in residents behaviors or conditions change that the information has been added to the support plans. Or if there is a significant change that a new one is done and updated with the information. I will also be having a staff meeting on August 22, 2022 at 10am during this meeting I will be discussing how staff will also be responsible for adding these changes to support plans when they are noticed and let all other staff aware of changes.
