Description of Violation

On [redacted] Staff Person A argued with Resident 1 over a medication the resident stated [redacted] did not receive. Staff person A stated [redacted] administered the medication to the resident at 5:00 pm in the dining room. However the resident stated [redacted] was not in the dining room at that time and did not receive the medication. The staff person became very argumentative and aggressive with the resident about this medication. The resident continued to tell the staff person that [redacted] did not take the medication because [redacted] was not in the dining room at 5:00 pm. The resident began to feel disrespected and uncomfortable and just wanted the staff person to leave [redacted] room and to leave [redacted] alone.

On [redacted] Staff Person A arrived very late to Resident 2's room to administer [redacted] eye drops. Upon arrival to [redacted] room, [redacted] told the resident that [redacted] was outside [redacted] room for a few minutes waiting until [redacted] was exactly 1 hour late. Staff person A stated to the resident "you don't tell me what to do I tell you what to do I'm the nurse". The staff person proceeded to tell the Resident that [redacted] now knows why [redacted] never had any children because [redacted] likes to get all the attention to [redacted] Staff person A stated to resident 2 that [redacted] has never cared for anyone including anyone that is ill. [redacted] made the resident feel that [redacted] wasn't important. Resident 2 felt disrespected by the staff person and felt as if the staff person was demeaning towards [redacted] Staff person A also stated to the Resident that other residents medications are more important than [redacted] eye drops.
