182c - Medication Administration

1. Requirements

2600.

182.c. Medication administration includes the following activities, based on the needs of the resident:

5. Place the medication in a medication cup or other appropriate container, or in the resident's hand.
6. Place the medication in the resident's hand, mouth or other route as ordered by the prescriber, in accordance with the limitations specified in subsection (b)(4).
7. Complete documentation in accordance with § 2600.187 (relating to medication records).

Description of Violation

Through information received from a complaint, and through staff and resident interviews, it was determined that staff will leave medications in cups for residents to take and leave resident rooms without ensuring that the residents take the medications.
