The record of Staff Member F did not contain current medication administration training, and the staff member has been administering medications.

Staff Member G completed medication administration training on 08/02/2023, and an updated training was not completed until 08/08/2024.

Staff Member H completed medication administration training on 08/02/2023, and an updated training was not completed until 08/26/2024.

The agency shall develop a plan to assure that this mandate is being met. The plan shall identify the staff position responsible for monitoring and ensuring regulatory compliance.

Plan of Correction

Accept [REDACTED] - 09/25/2024)

The agency is addressing the citation for 3800.188(a).

- All staff members who were identified to have a late practicum observation training were removed from their ability to administer medication until remediation was completed.

- All staff members who were identified to have late practicum observations had two remediation observations completed by August 28, 2024.

- The staff member identified as not having any current medication administration training is not currently administering medication. The staff member is scheduled to retake the training on September 25, 2024.

- The program has identified one additional staff member to take the practicum observer training, on September 26, 2025.

3800.188 Medications Administration Training (continued)

- *Practicum Observation due dates have been added to the agency's "training due report," allowing the program to identify who is due in 30, 60, and 90 days.*
- *The Unit Director will be scheduled monthly meetings with the Director of Quality Assurance, Compliance Caseworker, and Compliance Specialist, for three months, to review the training due report. Allowing the opportunity to develop training plans.*
- *Any concerns will be addressed by the Program Director and Vice President of Residential Services.*
- *The Unit Director is responsible for monitoring the plan.*
