141b1 - Annual Medical Evaluation

1. Requirements

2600.

141.b.1. A resident shall have a medical evaluation: At least annually.

Description of Violation

Resident [redacted] most current Documentation of Medical Evaluation was completed [redacted].

Plan of Correction

Accept [redacted] - 01/30/2025)

How this happened:

The resident's current medical evaluation was done in 2023, and the med tech supervisor and the administrator overlooked it.

Plan of correction:

The medical evaluation or DME will be completed until the resident returns. The resident has not returned yet. Upon the resident's return, an updated DME will be submitted.

Moving forward:

The administrator will audit all resident files to ensure all RASPs and DMEs are completed and updated. The RASP's and DME's will be audited monthly. The administrator drafted a list with the residents' names and the date the DME is done yearly, and RASPs are due with any changes. This audit was conducted on 12/30/2024. This list will also be edited on the office calendar and checked MONTHLY to ensure no mistakes of missed DME's or changes to the RASP's.
