85b - Infestation

1. Requirements

2600.

85.b. There may be no evidence of infestation of insects or rodents in the home.

Description of Violation

On [REDACTED] the basement laundry room, food storage area, boiler room and first-floor kitchen were observed to have rodent feces in various areas. During the inspection the odor of a decaying animal was detected in the staircase leading to the basement floor.

Plan of Correction

Accept ([REDACTED] - 02/26/2025)

Starting on [REDACTED], the cleaning and disinfecting of the areas listed above have been underway and will be completed by designee and housekeeping staff. By [REDACTED], all areas will be completed, and pictures will be taken and posted to show compliance. Orkins Pest Control has been coming in for this issue since November 2024 and they come monthly.

To prevent violation from reoccurring, starting [REDACTED], a weekly check will be performed by designee on these areas, and the entire facility that ensures compliance is maintained and recorded on a facility prepared checklist. The checklist will be posted after the first check on [REDACTED]
