## 85a - Sanitary Conditions

### 1. Requirements

2600.

85.a. Sanitary conditions shall be maintained.

#### Description of Violation

On [REDACTED] at approximately 9:05 a.m., three resident glucometers were observed plugged into electrical outlets and lying on the conference room floor.

#### Plan of Correction

Accept [REDACTED] - 10/31/2025)

Upon notification on 09/18/2025 I, [REDACTED] Personal Care Home administrator removed the glucometers from the conference room floor. They were given to my designee, cleaned appropriately and placed in the diabetic med cart.

Immediately post exit conference on 9/18/2025 diabetic med cart was audited by [REDACTED] personal care home administrator to ensure all glucometers were in proper resident compartments and all glucometers were accounted for.

All MedTech's were counseled and received education by [REDACTED] personal care home administrator by 10/16/2025 in regard to 65a sanitary conditions being maintained and not charging glucometers in any other location than the proper location which is the med room countertop. Emphasis of education included that no medical equipment should be placed on the floor.

I, [REDACTED] Personal Care Home administrator started random daily audit as of 9/19/2025 of facility in prevention of glucometers being placed/charging in inappropriate locations. Glucometer collection bin has been provided to MedTech's for glucometer collection thru out shift for safe and sanitary transportation to designated charging location in med room. Audits will continue daily for 90 days, then twice weekly for 12 weeks by myself [REDACTED] Personal Care Home administrator or my designee. Audits will be reviewed by the administrator and action taken if any findings identified.

[REDACTED] personal care home administrator, is responsible for full ongoing compliance.

Licensee's Proposed Overall Completion Date: 10/17/2025
