Mandated Reporter Training**3. Requirements**

6383.c.3. Employees who have direct contact with children and foster parents shall receive three hours of training within six months of the issuance of a license or approval certificate and three hours of training every five years thereafter. New employees and new foster parents shall receive three hours of training within 90 days of hire or approval as a foster parent and three hours of training every five years thereafter.

Description of Violation

The most recent mandated reporter training for Staff Member A was completed 4/4/2024. However, a prior training for this staff member could not be located, meaning the Department was unable to determine whether the staff member was compliant with the 5-year timeframe allotted by the CPSL statute.

Plan of Correction

Accept () - 02/19/2026)

1. Mandated Reporter training is tracked by Human Resources based upon 6 months prior to the expiration date.
2. A report from file data housed in the electronic personnel records is pulled in annually to focus on clearances renewing the following year.
3. All current employees will complete Mandated Reporter training in February or March 2026 to consolidate expiration dates to the same year and months. Efforts will be made to get new employees on the same time period.
3. At the beginning of each year, the Program Director (PD) and Office Manager (OM) are provided with a list of employees who's training is expiring within that year.
 - Note: a list would include 2 months into the next year given the notification scheduled described below.
 - OM, and/or direct supervisor, would add a reminder to their calendar and the employee's calendar.
 - Upon first notification of the need for renewal, the OM and/or Supervisor will schedule 15 minutes with the employee for them to review process to complete the training. The employee will be directed to schedule time within schedule to complete.
 - The PD reviews the tracking spreadsheet on a monthly basis for their program to ensure everyone is on track to complete training before the due date.
6. The spreadsheet will contain columns for each of the notifications listed below
 - 90 and 60 days out from expiration, includes employee, Supervisor, PD, and OM

Mandated Reporter Training (continued)

- 30 days out from expiration, the Senior Director will be added to notification
 - 15 days and 1 week out from expiration, the Executive Director and HR Director will be added to notification
7. Human Resources sends the email communication according to the above schedule and persons.
9. If an employee does not provide the training certificate by the internal expiration, next steps will be discussed with the Executive Director.
10. If an employee does not provide the certificate by the state designated expiration date, the employee is placed on unpaid suspension.
11. Once the certificates are received, Human Resources will update the spreadsheet accordingly and the employee, supervisor, PD, and OM will be notified.
