Inspection Narrative

The Department of Human Services, Western Regional Office of Children, Youth and Families conducted a six month provisional licensing inspection of Abraxas 1 Dakota Dorm by means of a random sample record review, staff and child interviews, and personnel record review. The onsite inspection was conducted on August 05, 2026 and August 06, 2026 for the inspection period of March 24, 2026, through September 24, 2026.

The facility is currently under physical site renovations, and all youth have been relocated to another facility within the Agency beginning in March 2026. The Department reviewed all new and tenured personnel records agency wide, and the records of 2 discharged residents from Dakota Dorm. There were no regulatory issues found during the file review. Child records were noted to be thoroughly completed and contained all required documentation. Documentation of medication administration was completed and the facility demonstrated full compliance. The Department completed a walk through of the facility; however another walk through will be completed following renovations and prior to youth returning to the building. No regulatory issues were identified. As there are no youth currently residing in this dorm, interviews were not completed. No regulatory violations were identified.
